

Survey Results

At our last meeting, June 15, twenty-three members filled out the first group of membership information sheets. Eventually we would like everyone to fill out these forms.

The activities considered the most important to the majority of members were supporting and promoting arts, learning something new, and socializing and connecting with others. Coming in second in the survey was having guest speakers.

The survey about types of classes revealed that many are interested in painting in all mediums, drawing, creative writing and poetry, photography, and calligraphy.

When surveyed about program and group activities members expressed a desire for continuation of our open house exhibits, in addition, to field trips to museums, art galleries, art festivals, and glass blowing. Many have enjoyed our specialty dinners, such as our pizza party, Chinese dinner, and holiday luncheon

...Therefore

Beginning Monday, July 18, at 1:00 p.m. there will be an open art “social.” All are invited to join this get-together for painting, crafting, sewing, quilting, you name it. Bring your supplies and \$2.00 donation for utility costs, and have a good time.

Sometime in September a trip to the Japanese Morikami Museum in Delray Beach is being planned. Go on the internet to view the gardens, museum, and the café menu. It will be a beautiful trip for all those interested in photography, gardens, and Oriental art. More information will be in the next newsletter.

Maria Lorant's Exhibit

Maria's parchment exhibit is currently on display at the Highlands Art League's yellow building in Sebring. Her reception was Friday, July 8. Numbers of Lake Placid Art League members attended to support the opening. Call the Art League at 385-5312 to determine the hours for visiting this beautiful exhibit.

Bugs and Butterflies

The woodcarvers are going buggy. Their new project has begun. A collection of insects is now being shown in the right curio cabinet to provide inspiration for projects. You can't help but smile at the wonderful pieces of art—and they're bugs, YUK!

July Meeting

Our next meeting is at 5:00 p.m. on Wednesday, July 20. How about a picnic pot luck? Bring food to fit the theme. And watch out for the bugs!!
